## Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and wounds, "I used DeWitt's Witch Hazel Salve for sores cuts and bruises, says L. B. Johnson, Swift, Tex. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits. Peller's drug store, Peter's drug store.

## Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dizziness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promoting easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Peller's drug store, Peter's drug store.

W. Kinworthy, who owns a store at the Goss Corner, west of Ewing, was in town purchasing goods this morning.

The East End and the South End played a hot game of ball this afternoon at the ball park. Score: 5 to 4 in favor of the East End team.

When we had learned that this company had received a consignment of medical appliances, we were anxious that the public should know the facts concerning the matter and for this purpose one of our representatives called at the offices of the company and gleaned the following information relative to their valuable collection. For the past few weeks they have been receiving frequent shipments from Frank S. Betz & Company, the well known manufacturers of surgical appliances.

The appliances are varied in character, yet they are all to be used in the treatment of most all cases that come under the care of a sanitarium. They consist of a Static Machine, X-Ray Outfit, a Body Hot-Air apparatus and smaller instruments for the treatment of separate parts of the body, the limbs, side, back, etc., and a complete Galvanic and Faradic apparatus. The instruments are all of the latest patterns, the most improved and skilled workmanship. The Galvanic and Faradic apparatus is one of the most valuable aids known to medical science in the treatment of diseases. Its current generated from forty-five large cells is used in all forms of paralysis and diseases peculiar to women. No safer or satisfactory method of treatment has yet been discovered and it is employed and recommended by eminent practitioners as Apostolia of Paris, Mossey of Philadelphia, Blech, of Chicago, and a host of others whose reputation is world-wide. It would require a book to describe the various uses to which these currents are put and the excellent results obtained from them in the medical profession. The Static machine is a recent invention, highly esteemed by the medical fraternity in the treatment of any diseases in which electricity is deemed necessary. It has revolutionized the practice of medicine, and largely enhanced the physician's means of relieving pains. But most important is the production of X-Ray by which every organ of the human body can be examined as if they were of transparent glass. It is especially valuable in determining the dislocation and fractures of bones. Fractures may be examined at any time after the splints have been applied, so that the physician can satisfy himself that the break is properly knitting. Bullets, glass, needles or any other substance imbedded in the muscles or bone or lying within the skull can be located. Stones in the kidneys or bladder or gall stones can be seen. The size, shape and position of the heart can be exactly traced. Lung trouble, lupus and cancer of the face or any ailment of the human system under the treatment of the X-Ray will be revealed and successfully treated. The Static machine creates what is known as ozone, "nature's own remedy for consumption." All well known specialists give their patients but little medicine and order them day and night to inhale pure fresh air. Persons who can afford the expense are sent to climatic resorts where the air contains the greater amount of ozone. By a special inhaler ozone is drawn in large quantities from the Static machine directly into the lungs of the consumptive.

Again Static electricity is recognized as the most powerful stimulant for the entire human system. In all cases of nervousness, general debility, weakness or dyspepsia, no treatment has proved more beneficial than the sparks and breeze administered by the Static machine. Their supply of smaller instruments and other surgical appliances is most complete.

This company having invested a considerable sum of money in this new and long needed institution in Seymour, should have the indorsement, hearty cooperation and patronage of our city and surrounding country.

**The Best Liniment for Strains.**  
Mr. F. H. Wells, the merchant Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by C. W. Milhous.

## REDS TURNED TABLES

### Indianapolis Reserves Were Shut Out in the Second Game.

The semi-professional Indianapolis Reserves went home Monday evening not feeling so gay as they did after the game Sunday. They were thoroughly walloped in the game Monday and they felt their defeat keenly. After defeating the Reds Sunday by the score of 11 to 1 they expected to make short work of them Monday. But the Reds struck their old winning gait and played ball from start to finish. Howard was in the box for the 1st and did his full share towards winning the game. All the boys played to win. Below is the REPUBLICAN'S score-keeper's record:

### Bondsman Released.

Judge Buskirk was at Brownstown Monday to hear the case of John Murray, Wm H. Murray and Henry C. Meyers against Trustee Bruce E. Davis, of Redding to township. They were released as the trustee's bondsman, and Davis filed a new bond of \$5000 signed by John Sparks, Richard Madden, John Shannon and Henry Beikman. There was no trial, therefore no evidence was submitted and their reasons for wanting to be released was not laid before the court. But their suspicions, if they had any and they probably did, will most likely come to light later on.

### Mounting Their Cannon.

Brownstown recently received two eight-inch cannon which are being mounted in the court house square. Along with the cannon came forty balls which will be stacked up conveniently near the cannon. Brownstown people must furnish the powder if they want to do any bombarding.

### Arm Broken.

Alta Montgomery, the little daughter of O. C. Montgomery, of Redding township, fell Tuesday morning and broke her arm between the wrist and the elbow.

### The Tent Meeting.

The services were held last night in the Baptist church owing to the threatening weather. The attendance was good and the service profitable. The Evangelist spoke on the scriptural characteristics of the prayer meeting, dwelling especially on its importance and power today. The meeting tonight will be held in the tent, which is substantial and commodious, and a large attendance is expected.

The singing is a special feature of these meetings and Prof. McKinsey's solos are heard with pleasure. Every one is invited to enjoy these meetings. Accommodations for all.

## FRANK HUSTETTLER'S DEATH.

### Ogden Newspaper's Report of the Accident.

Following is the account of Brakeman Frank Hustettler's death published in the Ogden (Utah) Standard: "James Franklin Hustettler, a Southern Pacific brakeman, was almost instantly killed about three miles east of Ogden, early this morning. The exact cause of his death will probably never be known. It is supposed, however, that he in some manner fell from the top of a car and was killed almost instantly.

"Hustettler was braking ahead on freight train No. 205, west-bound under Conductor J. E. McIntosh. The crew left Ogden Sunday and lay over at Terrace. The other members of the crew did not know of the accident and the train passed on to Loray.

"The body was discovered lying alongside the track by the engineer on passenger train No. 2 and it stopped and brought the body into Ogden, arriving here at 1:45 this afternoon. The remains were taken to Richey's undertaking parlors where they are being prepared for burial.

"The deceased was a young man, being in his 27th year. He was born at Dyersburg, Dyer county, Tenn., his father being R. E. Hustettler, who owns a grocery at the corner of Washington and Twelfth streets and resides at 358 Eleventh street.

The young man worked from September 12, 1896, to November 16, 1901, for the B. & O. S-W. at Seymour, Ind., and was married there eighteen months ago and his wife and an infant child survive him. Their home is in Ogden. He came to Ogden last winter and since December 4, 1901, he has been employed by the Southern Pacific.

"Beside his parents a sister and several half-sisters survive him. His sister is a widow, her husband having been killed in the east five years ago in about the same manner."

### Lightning Struck Uncomfortably Close.

Sunday afternoon G. W. Palmer, who resides across the line in Jennings county, had a narrow escape from lightning. He was sitting on the porch at his home when a bolt of lightning struck a post not more than two feet from him. It passed to another post, to a screen door and to the weather-boarding of the house, throwing splinters all around Mr. Palmer. With the lightning all about him thus Mr. Palmer was not even shocked to any extent which seems quite remarkable. He was in town today in his usual good health.

### Mother Always Keeps it Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. Pellen's drug store. Peter's drug store.

### Schwartz School Notes.

There were two perfect papers in rapid addition the past week. They were Miss Ruth Branaman's and Miss Edith Spray's.

Prof. Schwartz's Penmanship class is making eminently satisfactory progress and the indications are that not a few fine penmen will be turned out. Charles Harvey was on the sick list yesterday.

The absence of the cigarette fiend indicates the class of young men who attend Schwartz School.

During the course of Prof. Schwartz's lecture on Negotiable Paper, a number of intelligent questions were asked and discussed in such a way as to show that the students understood the work pretty thoroughly.

Miss Edith Spray had a perfect paper in the shorthand test last week. Miss Anna Abel and Miss Anna Massman also did excellent work.

Parents will confer a favor upon the principal by calling at the school in the interest of those whom they have in attendance there.

Prof. Schwartz spent Saturday and Sunday with relatives at Tipton, Ind. Mr. Dale Whitcomb seems to be partial to the west side of the house, anyway the bookkeeping class misses him so much lately.

Walter Hoskin, Charles Harvey, Everett Holmes, Claude Brocker, Walter Beck, J. Robert Blair, Miss Amy Roegge, Miss Ruth Branaman, Miss Osee Robertson, will finish the bookkeeping course before the close of the session, and with one or two exceptions, all will finish by the end of the term. This statement ought to convince the representatives of correspondence schools that they do not know as much about Schwartz School, as they would lead people to think they do. If they will adhere strictly to the truth, the schools they represent will be better off. There is room enough for all, and their is nothing to be gained by lying about a competitor.

The teaching fraternity of Seymour and vicinity is cordially invited to visit the school while it is in session from 8 a. m. to 12 m. This invitation is also extended to the representatives of other schools who are so considerate as to constitute themselves as mis-representatives of Schwartz School.

Miss Schultz, the Shorthand teacher, spend Saturday and Sunday at her home in Louisville.

Homer Shannon was on the sick list last week.

Miss Clara Massman enrolled today for the bookkeeping course and expects to complete it by Aug. 29. This shows the right sort of ambition and should be shared by the young people of Seymour who have not as yet enrolled.

Five weeks have rolled by, and in this short time, the majority of the class have become proficient enough to keep any ordinary set of books. Equally as much will be accomplished in the next five weeks.

Summer complaint is unusually prevalent among children this season. well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of ye scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by C. W. Milhous.

## YOUR LUCKY STAR.

The navigator has a right to believe in a lucky star, for he shapes his course by stars and planets, and not seldom has "hitched his vessel to a star" and been towed into port. But the average mortal who presumes on his lucky star is sure to be disappointed. A man's lucky star will not lead him to success if he neglects his business, nor save him from sickness if he disregards the laws of health. Good health is not a matter of good luck, but chiefly a matter of careful eating and drinking. For life is sustained by food and the health of the whole body may be said to depend upon the health of the stomach and the capacity to digest and assimilate the food eaten. A train of physical evils follows in the track of indigestion, which, in spite of its commonness, is one of the most serious diseases which can afflict the body.

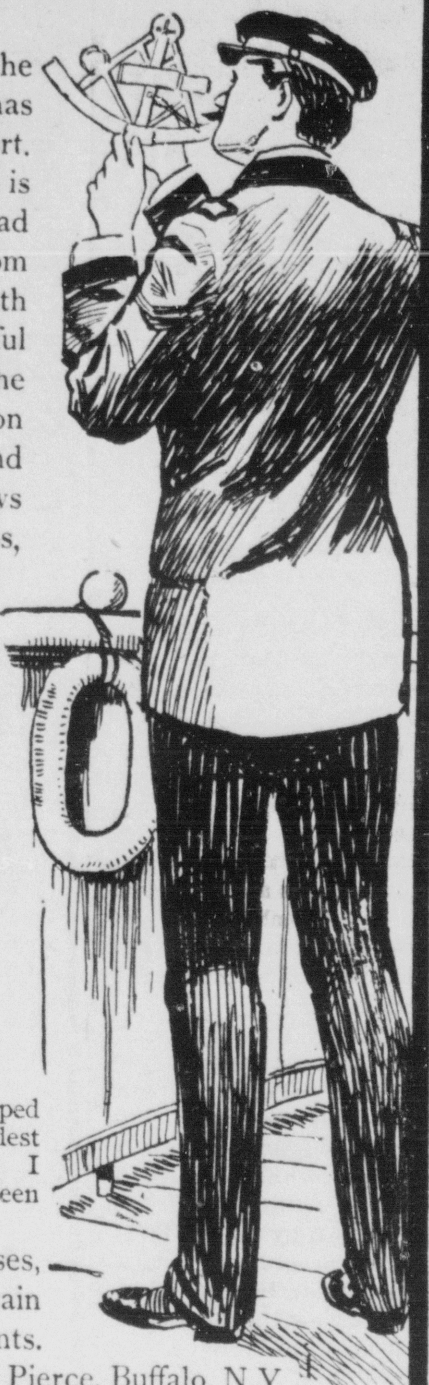

Dr. Pierce's Golden Medical Discovery cures indigestion and other diseases of the stomach and organs of digestion and nutrition. It enables the building up of the body in the only way possible, by food digested and assimilated.

"It is with heartfelt gratitude that I send this testimonial which I wish you to publish," writes Mr. Willis Seaman, of Washingtonville, Orange Co., N. Y. "I had stomach trouble from childhood and suffered with it more or less as I grew up. At the age of twenty-six I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Every thing I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I took six bottles of the 'Golden Medical Discovery' and two vials of Dr. Pierce's Pleasant Pellets. I then felt so well that I stopped taking medicine. Several months have passed and I can do the hardest kind of work, can eat anything that is set before me and enjoy it. I am twenty-seven years old and this is the first time I have ever been well."

Sick people, especially those suffering from chronic diseases, are invited to consult Dr. Pierce by letter, free, and so obtain (without charge) the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose; therefore, accept no substitute for "Golden Medical Discovery."

**FREE!** Dr. Pierce's Common Sense Medical Advisor is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. PIERCE, Buffalo, N. Y.

## THREE PLUMP BABIES.

An Exhibition Which the Crusty Old Bachelors Thought Disgusting. "Disgusting," said one old bachelor to the other.

"Isn't it?" said the other old bachelor to the one.

Three women had come into the street car at different intervals with babies of different intervals. The first baby was a lusty child with nerve testing lungs. The second was about a year old, and the mother, just a little bit embarrassed at the bachelors' glances, finally gained courage to take a bottle from a grip and plug up baby's mouth with a rubber neck. The third baby was the newest of them all and entered the car a mere white bundle in the arms of a dignified matron hardly out of short skirts.

Beginning to unwrap the bundle, which had been somewhat disarranged in the haste to embark, the proud mother first unfolded a cunning pair of blue worsted booties that might fit a grumpy old bachelor's thumb. Then, feeling these of the world upon her, she showed baby's two fat legs, which were as pink as her own ears. Then the cunning sight was solemnly shut from all eyes by a procession of gowns all of white, lined, tucked, embroidered and plain, the fat legs kicking vigorously, and baby's face hid them from sight.

Then the little mother sat the bundle upright and threw a soft cloak from the other end, disclosing a round face, a pair of blue eyes wide open in amazement and as pretty and baldheaded a baby from end to end as ever made a bachelor angry at his own lost opportunities. Then the three mothers sniled at each other's baby.

"Disgusting," said the bachelors. Then they went out on the platform, and one took a chew of tobacco and the other lighted the butt of a malodorous dead cigar he had been carrying. New York Press.

## POCKET COMPASSES.

Thousands of Them Sold Aready to Hunters and Others.

"Pocket compasses," said a dealer in such things, "cost from 25 cents to \$1.00 each, and they are made in various sizes, from tiny compasses half an inch or less in diameter up to those of about the size of a hunting case watch.

"Many compasses are carried in nickle-plated hunting cases. Some of the tiny open compasses are carried for a charm on watch guards.

"In the cheaper pocket compasses the needle turns on a brass bearing; in the costlier compasses on a bearing of agate. In either, of course, the needle will point north, but the compass with the agate bearing will wear much longer.

"A good pocket compass will last a lifetime. A considerable part of the cost of the more expensive pocket compasses may be due to the material used in them and to elaborateness of finish.

"A ten dollar compass, for instance, might have a pearl face, and so on, but a good compass, with an agate bearing, as good a compass, in fact, as a man needs, can be bought for \$1.50.

"Every wise sportsman carries a compass, and compasses are carried by various other people. There are sold of pocket compasses of one sort and another thousands yearly."—New York Sun.

## A Willing Martyr.

Schoolteachers sometimes ask their pupils queer questions, if one may believe a story told by the youngest member of the Withington family.

His mother one morning discovered a shortage in her supplies of pies, baked the day before, and her suspicions fell upon Johnny.

"Johnny," she said, "do you know what became of that cherry pie that was on the second shelf in the pantry?"

"Yes, ma'am," he replied. "I ate it. But I had to."

"You had to?" exclaimed his astonished mother. "What do you mean, child?"

"The teacher asked yesterday if any of us could tell her how many stones there are in a cherry pie, and I couldn't find out without eating the whole pie, could I? There's just 142."—Youth's Companion

## Refused Payment.

Marion, Ind., Feb. 12.—A forged warrant for \$1,000 on Township Trustee Martine of Jefferson township, has been unearthed. The order was given to Manson U. Johnson of Anderson in payment for two furnaces for the new school building at Upland, and was made payable at the Upland bank. The cashier notified Mr. Martine of the order being at his bank for collection. Martine pronounced it a forgery and refused payment.

## Debts.

Father—How is it you never have any money?

Son—It's not my fault. It's all due to other people.—Philadelphia Press.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. ## A LESSON IN CHESS.

Why Willie's Papa Ended It Almost Before It Was Begun.

Paterfamilias, with a laudable desire to keep Willie at home at night, offered to teach him to play chess. The boy was delighted, and the game began.

"Put the little ones, pawns, all along the front and the big ones behind, as I show you."

"I think that is cowardly. The big ones ought to be in front. Ma says!"

"Oh, but that is the rule. Now, see—no; put that rook in the corner."

"Rook! What's a rook?"

"It is a kind of bird."

"Well, that ain't a bird. It looks like a castle."

"Call it a castle, then—and put the knight next!"

"Why is that called a knight? It looks like a horse's head."

"And then the bishop," went on paterfamilias, ignoring the question; "so, and then—"

"Why is the bishop's head split in two, pop?"

"Oh, that is his hat—a cardinal's hat."

"But I thought he was a bishop?"

"A cardinal is also a bishop. Now don't talk so much, Willie. Then you put the king and queen!"

"The queen is bigger than the king, pop!"

"Well, so she is. Who said she wasn't?" said paterfamilias, with a trace of impatience in his tone. "And then another bishop; so."

"Why are there two bishops, pop?"

"Because the rules say so. Now, I shall move first."

"What, after all that trouble, are you going to move them again?"

"Say, Willie, I believe my head is aching. I shall show you the rest some other time," said paterfamilias as he swept the men into the box.—New York Times.

How to Teach a Pet to Ride a Ball. Many readers have doubtless seen bears standing on a rolling ball and maintaining their balance perfectly while rolling it about the arena. I have a bear who delights to do the trick. He can scarcely wait for his time to come to perform. He was taught, as they are all taught, by joggling his pedestal while he tried to keep from being jostled off. Gradually the pedestal was substituted for a ball with many flat places on it, and this was followed by a perfect sphere. He has been performing two years now, and I have never known him to slip and fall off.—Frank Leslie's Popular Monthly.

## No Joking Matter.

"Joaksmith, it appears, is married and has gone to housekeeping."

"Not at all. What made you think so?"

"He's been writing so many jokes about servant girls lately he must have had some experience with them."

"Nonsense! If he'd had such experience, he wouldn't joke about it."

## A STARLING REPORT.

One that Speaks Volumes, Tells of a Great Good Done, of a Certain Cure, for the Nervous, Weak and Sleepless.

Mrs. F. K. Mackey of 614 Poplar St., Seymour Ind., says: "I was a sufferer from severe nervousness, sleeplessness and dizziness. I was advised to try Dr. A. W. Chase's Nerve Pills. I got a box at A. J. Pellans drug store and now after using the medicine I am pleased to say my nervous system has been toned up, I sleep well and am relieved of those dizzy spells. I consider these pills a splendid nerve medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

A Honeymoon Financier. Judge Edwards of Lee county, who has married over a hundred couples since he has been ordinary, performed the ceremony recently for a runaway couple seated in a buggy in the public road.

The ceremony over, the bridegroom fumbled in his pocket and fished up 36 cents.

"Jedge," he said, "this here's all the money I got in the room' worl'. Ef you're a mind to take it, you kin, but I'll say straightforwards that I'd done sot it aside for the honeymoon expenses!"—Atlanta Constitution.

Disappointed. "So you advise me not to sue?" said the client.

"I do," said the lawyer.

"Well," returned the disappointed client, "it seems strange that when a man pays for advice he can't get the kind he wants."—Chicago Post.

The Same Old Story. J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by C. W. Milhous.

## Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also a convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Home of Swamp-Root, Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

## ALL WRONG.

The Mistake is made by Many Seymour Citizens.

Don't mistake the cause of backache. To be cured you must know the cause. It is wrong to imagine relief is cure. Backache is kidney ache. You must cure the kidneys. A Seymour resident tells you how this can be done.

Mr. O. Burkdoll of Indianapolis avenue, says: "I procured Doan's Kidney Pills, sold by C. W. Milhous for Mrs. Burkdoll, who suffered from a distressing aching in her back and occasional dizziness. She told me that they cured her of the backache and strengthened her kidneys so that she can rest well nights. A little extra exertion does not prostrate her as it did formerly, and the dead tired feeling mornings does not oppress her as it once did. We can highly recommend Doan's Kidney Pills to any one suffering from their back or kidneys."

For sale by all dealers, price 50 cts. Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the Doan's and take no other.

## Text Books Free:

Those who enroll before August 1st, will be furnished the necessary text-books free of charge for either the Book-keeping or Shorthand Course.

## Finish by Mail.

It will be almost impossible to finish the course in the time specified, but we guarantee that you can learn to keep any ordinary set of books in that time, and should you then desire to learn more you can do so at a trifling cost by mail.

Don't delay. Write or call at once at the Laurel School Building, the shadiest and coolest place in Seymour, and we will explain fully. Ask any of our students and they will tell you how easy our system is to learn. There are no classes, so you can start at any time; the sooner the better.
